

MAKE YOUR OWN STORY EXPLORER BINOCULARS

Join Story Builder Rachel as she takes you to *The Best Place in the World*.

Written and illustrated by Petr Horáček. Published by Walker Books.

Watch on our [YouTube channel](#) or visit discover.org.uk/storytelling-resources

Then, have a go at making your own binoculars to take on your own adventures...

TO GET STARTED, YOU WILL NEED:

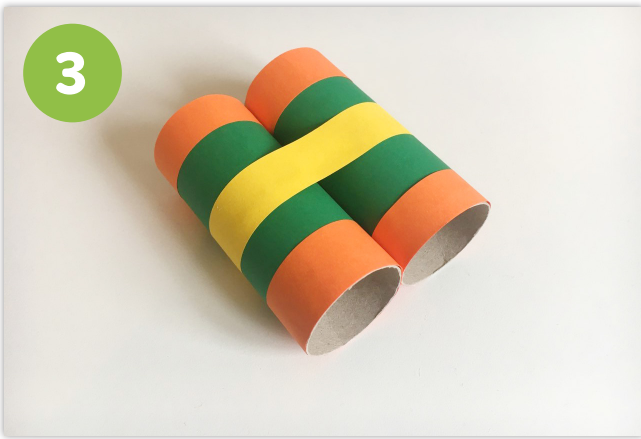

Two cardboard toilet paper rolls

Coloured paper or paint

A piece of string

Glue

Scissors

INSTRUCTIONS:

1. You will need: two cardboard toilet paper rolls, coloured paper or paint, a piece of string, glue and scissors.
2. Cut out strings of coloured paper and glue them on to the cardboard rolls to decorate as you like. You can also use paint to decorate the rolls if you prefer.
4. Glue the two rolls together and add extra strings of paper or decoration to the binoculars.
5. Using glue or tape, attach the string to your binoculars. You are ready to explore!
6. Your elephant is ready. Make more to create your own herd of elephants.

Story Explorer, pack your bag and get ready for your next adventure!

In my bag, I have packed:

- Binoculars
- A fruit
-
-
-
-

List of things I saw and the characters I met:

-
-
-
-
-

Draw a picture of the place you visited on your adventure:

Write a letter to your friend telling them all about your adventure:

Dear,
